

# **Field Audit Summary Report**

Revised 10/1/2010

**Applicant ID #:** 

Field Site ID #(s)

**Auditor ID #:** 

Use this form to **summarize field audits**. Each area of responsibility is listed below. Use the same rating system for each category as was used on the field audit forms.

#### **CODES:**

C: Conforms or exceeds with required practices
MNC: Minor non-conformance with required practices

• SNC: Serious (major) non-conformance with required practices

• NA: Not applicable

## **Audit Assessment**

The recommendation for or against certification in summarizing the audit findings shall be based on the following:

- 1) Failure to meet a *Performance Standard* occurs when:
  - a. there are 3 or More SNCs within a *Performance Standard*;
  - b. or there are 5 or more MNCs within the *Performance Standard*;
  - c. or failure to be in conformance with a majority of the *practices* within a *Performance Standard* (conformance would mean the program participant did not receive a SNC or MNC for a majority of the practices within a *Performance Standard*).
- 2) Failure to meet an *Area* occurs when:
  - a. there is failure to meet 2 or more *Performance Standards* within an *Area*;
  - b. or there is failure to be in conformance with a majority of the *Performance Standards* within an *Area*.
- 3) Applicant must meet all *Areas* on all audited sites.

## Additional requirements "kill switches":

• Performance Standard I-B cannot be met if Practice 3 or Practice 4 regarding roads, lands, and fuel maintenance in Riparian Management Zones receives an SNC.

<sup>\*</sup>Items 1 and 2 apply independently to each site being audited.

- Performance Standard I-C cannot be met if Practice 1 regarding crossing permits receives an SNC.
- Performance Standard V-A cannot be met if Practice 1, 2, or 3 addressing harvest and management planning (whichever applies to the size of property) receives an SNC.
- Performance Standard V-B cannot be met if Practice 4 addressing legal ownership receives an SNC.

Provide a **brief** explanation for each Area of Responsibility.

What is the overall rating for Area One (Water Quality and Soils)? Please provide evidence/illustrate why company received the above rating.

What is the overall rating for Area Two (Visual Quality)? Please provide evidence/illustrate why company received the above rating.

What is the overall rating for Area Three (Silviculture and Utilization)? Please provide evidence/illustrate why company received the above rating.

What is the overall rating for Area Four (Regulations)? Please provide evidence/illustrate why company received the above rating.

What is the overall rating for Area Five (Management and Harvest Plan)? Please provide evidence/illustrate why company received the above rating.

#### Recommendation

I	verify that, based upon field audits conducted, company	
	(Auditor ID #)	(Applicant ID #)
	conform to or exceed the standard for Minnesota Master Logger Certification.
